

## SKILLS

- Front-End: HTML5, CSS3, JavaScript, Bootstrap, React.js
- Backend: Node.js, Express.js
- Database: MongoDB
- Tools: Git, GitHub, VS Code

## EDUCATION

- Electronics And Communication Engineering | Dehradun Institute Of Technology
- XII (CBSE) | Khowai Govt. School

## ACADEMIC PROJECTS

### ❖ Accident Identification System

**Technologies:** Arduino Nano, Embedded C, ADXL335, NEO-6M GPS, SIM800L GSM

Developed a real-time accident detection system that identifies vehicle collisions and automatically sends GPS location alerts to emergency contacts via SMS using GSM and GPS modules..

### ❖ Personal Portfolio Website

**Technologies:** HTML, CSS, JavaScript, Node.js, Express.js, MongoDB

Designed and developed a responsive personal portfolio website. Showcased skills, projects, education, and contact information. Implemented mobile-friendly design and smooth navigation.

## POSITION OF RESPONSIBILITY

### Technical Member

#### IEEE College Club [2024-2025]

- Led and coordinated technical activities and events organized by the club.
- Managed technical teams and provided support for workshops, seminars, and competitions.
- Collaborated with club members to ensure smooth operation of technical events.
- Developed leadership, teamwork, and problem-solving skills through club management responsibilities.

## ACHIEVEMENTS / HOBBIES

- **Owner – Clothing Shop, Euthopia Event 2025 (3 Days)**

Owned and managed a clothing shop during the Euthopia Event 2025, gaining hands-on experience in retail sales, customer service, and small business operations. Managed daily store activities, interacted directly with customers, handled sales, and developed strong communication, leadership, and customer-handling skills through running the business for three days.
